## **PRESS RELEASE**

LAWTON – A portion of Northeast Rogers Lane will be closed January 30 through February 3, 2018, for the start of a ramp improvement project to be carried out by the Oklahoma Department of Transportation.

The work to be carried out during this time includes work to the railroad train crossing on Rogers Lane, just east of Interstate 44. A map with a red square outlining this area has been attached for your reference. Both east- and westbound traffic will be affected; detour signs will be placed accordingly. Signs will lead drivers to East Gore Boulevard and then the North Flower Mound Road if necessary.

Additional updates to this ramp improvement project will be posted as they are made available. This project is being funded in full by ODOT.  
Thank you.
